

# Madera Community College 2035: Education Plan

## (2025-2030)

### November/December 2025 Update

The *Madera Community College 2035: Education Plan* project continues to progress on schedule. The Education Plan development process is part of the MCC integrated planning process.

The planning project is organized into four key phases, with each step and its corresponding timeline outlined below.

#### Project Steps and Timeline

- Step 1 – **PREPARE** (July – Aug 2025)
- Step 2 – **ENGAGE AND ANALYZE** (Aug – Oct 2025)
- Step 3 – **FRAME** (Nov 2025 – Mar 2026)
- Step 4 – **SHARE AND APPROVE** (Mar – June 2026)

During November and December, the College completed Step 2 – Engage and Analyze and transitioned to Step 3 – Frame. The following activities were completed throughout these months:

#### November Project Activities

Gensler consultants visited campus to facilitate the fourth Commission workshop, continuing the collaborative planning process. During the session, participants reviewed recent survey findings, explored key collegewide challenges and opportunities, and began shaping a set of strategic goals to guide the College's future direction.

Also during November,

- The finalized draft updates to the MCC Vision, Mission, and Values statements were forwarded to President Reyna as formal recommendations from the Commission. These updates were informed by input gathered during the Opening Day collegewide workshop and reflect the Commission's thoughtful and thorough review of the feedback received.
- The College and Community surveys concluded in early November and generated valuable feedback from more than 100 students, employees, and community members.
- The Commission analyzed and discussed key themes that emerged from the survey results. They will use this information as they begin to draft strategic goals.

#### December Project Activities

The Commission paused for the month of December and will reconvene in January 2026. In the meantime, the consulting team continued developing the *Madera Community College 2035: Education Plan* draft document and prepared materials for the upcoming January Commission workshop and All-College Workshop.

A draft of the *Madera Community College 2035: Education Plan* will be completed in March, 2026. College review and Board review and approval will be conducted between April and July, 2026. The new plan will then be ready for collegewide implementation in August, 2026.

**Note:** Each month, the College posts a brief update on the Madera Community College 2035: Education Plan webpage to keep the campus and community informed about project activities and progress. The site also includes the project overview, data presentations, and other key documents. The January update will be available in early February.
