10 SUMMER/FALL 2024 CLASS SCHEDULE

English/Math Placement Test

AB705 is a law signed by Governor Brown in October 2017 that went into effect January 1, 2018 and was required to be implemented starting in the Fall 2019 semester for students with transfer as a goal. This law is intended to benefit students by shortening their time to degree completion by using more effective, comprehensive placement measures (vs. assessment tests—Accuplacer), such as high school transcripts, GPAs, individual course grades, and/or other methods of guided placement. The law also provides students who have transfer as a goal the opportunity to place directly into transfer-level coursework.

English/Math Placement of students:

In previous semesters, Madera Community College used Accuplacer to determine whether students could enroll in transfer-level courses in English, Mathematics, or ESL or whether they should first take pre-transfer level courses. After AB705's passage, students who express transfer as a goal, regardless of their GPA, now have access to transfer-level English and Mathematics courses. Madera Community College has discontinued the use of Accuplacer and other placement tests. New placement rules for both English and mathematics rely heavily on high school work (GPA, courses taken, grades earned). At Madera Community College and Madera Community College at Oakhurst we will continue to offer pre-transfer mathematics courses for students whose educational goals do not include transfer (e.g., certificates, LVN).

ESL Placement of students:

The law begins to apply for ESL students in Fall 2020. For now, existing ESL placement processes will still be administered.

Prerequisites

Prerequisite courses must be completed with a "C" (2.0) grade or better prior to enrolling in the next level course. See course listing to determine whether a particular course has any prerequisites. A student may challenge a prerequisite under certain conditions (see "Prerequisites challenge procedures" on this page). Contact the Admissions and Records Office at <https://www.maderacollege.edu/student-services/counseling/index.html> for the prerequisite challenge form and details on the conditions that apply.

- Students currently enrolled in courses that satisfy a prerequisite will be allowed to register in the next level course. However if a "C" grade or better is not achieved, students will be dropped from the higher level class.
- If you have met prerequisites through the assessment process or by completion of the required course, you may proceed to use the online (Self-Service) registration system.
- If you believe that you have met the prerequisite through some other means (e.g. completion of the prerequisite course at another college), you must see a counselor BEFORE registration to obtain a prerequisite clearance. You must have your college and/or high school transcripts on file or in hand prior to seeing your counselor for prerequisite clearance. Once the prerequisite has been cleared, you may use the online (Self-Service) registration system to register for the course(s).

Advising

Advising is available to all students. Results from placement tests may be used as part of the multi-criteria process to assist counselors in determining appropriate course placement. First-time, full-time, or degree-seeking students will be advised prior to registration. A student educational plan (SEP) will be partially developed at this time. The SEP will be reviewed and fully developed during the first semester of attendance. It is the student's responsibility to contact their counselor and schedule an appointment to complete their SEP. Online advising is also available via the Madera Community College website at www.maderacollege.edu.

Prerequisite Challenge Procedures

A prerequisite challenge requires written documentation, explanation of alternative course work, background or abilities which adequately prepare the student for the course. A Prerequisite/Corequisite Challenge Form may be obtained from an academic counselor and should be returned to the Admissions and Records Office. Reasons for filing a prerequisite/corequisite challenge may include one or more of the following:

1. A prerequisite/corequisite is not available.
2. The prerequisite/corequisite was met at another institution.
3. The student has the documented knowledge or ability to succeed in the course without meeting the prerequisite.
4. The student believes the prerequisite/corequisite is discriminatory or being applied in a discriminatory manner
5. The prerequisite is not necessary for success in the course.

Prerequisite challenge requests must be received **prior** to the first day of the term to which they apply. Upon completing the prerequisite challenge form, the student may enroll in the challenge class by presenting this form at registration. If the challenge is not upheld, the student will be dropped from the class.

Class “WAIT LIST” Requirements

When you are unable to find an open section of a course you wish to take, you have the option of being placed on a “WAIT LIST” for a specific section of that course. Please note that the following rules apply:

1. Students may add their name to any available “WAIT LIST” up to the last day of registration prior to the beginning of the term.
2. Students will be added to the “WAIT LIST” on a first-come, first-served basis.
3. Students cannot be placed on a “WAIT LIST” prior to their registration appointment date.
4. Students on a “WAIT LIST” will have first priority for any seats in a “full” class that may subsequently become available during the first 20% of the course PROVIDED that they attend each and every class meeting (for 18 week semester courses, this is the first 3 weeks of class).
5. “WAIT LIST” will be available only for current class sections that are “full” (that is, the class has reached its “maximum class size”). No “WAIT LISTS” will be available for “canceled” class sections or class sections that are not yet “full.” Not all classes have wait lists.
6. Students cannot remain on a “WAIT LIST” for a section of a course that will cause a time conflict with a course section in which you are already enrolled. You will be dropped from the wait list.
7. Students cannot be placed on a “WAIT LIST” for a section of a course when you are already enrolled in another section of that same course.
8. Students cannot be on more than one “WAIT LIST” for the same course.
9. The Admissions and Records Office will regularly monitor all classes with existing “WAIT LISTS” for student drops. When an open space on the roster becomes available, the top student on the wait list will be moved into the class and notified by email of this action. We will regularly monitor wait lists up until 3 days prior to the beginning of the term. Students who are added to a “WAIT LIST” during the last 3 days prior to the beginning of the term, along with other students still remaining on the “WAIT LIST,” will be informed of their status at the first class meeting.
10. On the first-day of class, instructors will determine the number of openings available in the class, and then offer spaces to students who are on the “WAIT LIST” (providing they are present in the class) in the order in which their names appear on the list. ACADEMIC REGULATIONS

Attendance

Students are expected to attend all class meetings for which they are enrolled. Excessive absences may result in the student being dropped from his/her class.

It is the student's responsibility to ensure that he/she is dropped from the class. Students who do not attend the first class meeting of the semester may be dropped by the instructor. However, to assure no grade penalty for the course, a program change form must be turned in to the Admissions Office within the appropriate time frame. **Students on a WAIT LIST must attend the first class meeting to ensure instructor permission to add the class is obtained.**

Instructional Minutes Per Hour and Class Break Time

For classes lasting longer than 90 minutes on a given day, the instructor must provide a ten-minute break after the first 100 minutes, and may schedule additional break time amounting to ten minutes per each additional hour thereafter.

Application for Graduation/Certificate of Achievement

Students who are planning to receive their Associate Degree, or a Certificate of Achievement, must file an application for the degree or the certificate on Self-Service. Students must complete a minimum of 30 units prior to applying for graduation. The deadline to apply for the annual spring commencement ceremony is in March. The application must be signed by a counselor.

Pass/No-Pass Grading

Most college courses allow students the option of a final course grade of P, Pass, or NP, No Pass, instead of traditional letter grades (A, B, C, D, or F). Some courses are graded only on a Pass/No Pass basis. In courses graded only on the Pass/No Pass basis or when a student elects this grading option, the grade of P, Pass, will be assigned if the student has passed the course with a grade equivalent of A, B, or C, and credit will be awarded for the unit value of the course.

The grade of NP, No Pass, will be assigned if the student earns the grade equivalent of D or F, and no units of credit will be awarded for the course. Neither the P, Pass, grade nor the NP, No Pass grade is included in the calculation of the grade point average at this institution.

A maximum of 15 units of credit may be earned on a Pass/No Pass grading basis in degree-applicable or transferable courses. The Pass/No Pass option is not recommended for any course in a student's major. Not all courses graded on a Pass/No Pass basis are accepted for transfer by other institutions. Students planning to transfer to another college or university should be aware of the policy of that institution regarding Pass/No Pass grades.

Students may elect the Pass/No Pass grading option in courses in which it is available by notifying the college Office of Admissions and Records, using the appropriate online form, available at <http://onlineforms.scccd.edu/passnopath.aspx>. Submit by the deadline listed on the form. Students who have elected the Pass/ No Pass grading option may reverse this decision only within these same deadlines. *Pass/No Pass deadlines are subject to change. Contact Admissions & Records for more information. (559) 675-4848.

Dropping a Class

It is the student's responsibility to officially drop a class in which he/she no longer wishes to be enrolled. The last day to drop a class is the 50% completion point of the class. The exact date is available from your class instructor. Courses may not be dropped after this date, unless there are extenuating circumstances as approved by the Admissions and Records Office Manager. Any course carried past the ninth week (50% point), will receive a letter grade.

To withdraw from a class, a student may drop online by logging onto the Self-Service at www.maderacollege.edu and click on the Self-Service link. Students may also drop in person in the Admissions & Records office. There will be no grade entered on a student's record for drops occurring prior to 20% of the course length. Graduation Requirements

Student Support Services (SSS) Program

The Student Support Services (SSS) Program is a federally funded TRiO program that serves first generation, low-income or disabled students currently enrolled at Madera Community College. The SSS program also fosters an institutional climate supportive of the success of students who are limited English proficient and students that are traditionally underrepresented in postsecondary education. SSS provides high quality programs and services that maintain academic support and guidance to help Madera Community College students meet the challenges in obtaining an AA/AS, AA-T/AS-T degree and/or Certificate of Achievement and transfer. The goal of the program is to increase academic success including retention, higher GPA, graduation or certificate completion, and facilitating transfer to a four-year college. Services include academic advising, career planning, financial aid advising and literacy, transfer assistance, priority registration, and lots of encouragement. The SSS program participants will have the opportunity to be involved in activities such as semester kick-off events, student success workshops and college campus tours. The program strives to provide extra support and personal attention. Information and applications for the Student Support Services program are available on our website. Contact the SSS program at (559) 675-4104.

The health fee provides students with a variety of health care services. In accordance with Board policy, students are required to pay a health fee, regardless of the units taken. For on-campus classes the health fee is \$21 for each semester (fall and spring terms) and \$18 for the summer term. CAMPUS POLICIES

Cheating and Plagiarism

Students at Madera Community College are entitled to the best education that the college can make available to them, and they, their instructors, and their fellow students share the responsibility to ensure that this education is honestly attained. Because cheating, plagiarism, and collusion in dishonest activities erode the integrity of the college, each student is expected to exert an entirely honest effort in all academic endeavors. Academic dishonesty in any form is a very serious offense and will incur serious consequences. Cheating is the act or attempted act of taking an examination or performing an assigned, evaluated task in a fraudulent or deceptive manner, such as having improper access to answers, in an attempt to gain an unearned academic advantage. Cheating may include, but is not limited to, copying from another's work, supplying one's work to another, giving or receiving copies of examinations without an instructor's permission, using or displaying notes or devices inappropriate to the conditions of the examination, allowing someone other than the officially enrolled student to represent the student, or failing to disclose research results completely.

Plagiarism is a specific form of cheating: the use of another's words or ideas without identifying them as such or giving credit to the source. Plagiarism may include, but is not limited to, failing to provide complete citations and references for all work that draws on the ideas, words, or work of others, failing to identify contributors to work done in collaboration, submitting duplicated work to be evaluated in different courses without the knowledge and consent of the instructors involved, or failing to observe computer security systems and software copyrights.

Incidents of cheating and plagiarism may result in any of a variety of sanctions and penalties, which may range from a failing grade on the particular examination, paper, project, or assignment in question to a failing grade in the course, at the discretion of the instructor and depending on the severity and frequency of the incidents. For more information, contact the Vice President of Learning and Student Success.

Drug- and Alcohol-Free Campus

Madera Community College is committed to maintaining a drug- and alcohol-free campus. To that end, the college prohibits the unlawful manufacture, distribution, dispensing, possession, or use of controlled substances (as defined in Schedules I through V of the Controlled Substances Act {21U.S.C812} and as further defined by Regulations 21 CFR 1308.15 in the workplace). Behavior which violates this policy will be subject to disciplinary action in accordance with campus policies and regulations (BP 5410). Persons who seek information and/or resolution of alleged violations are directed to the Vice President of Learning and Student Success in the Administration Building. (559) 675-4800 ext. 4116, or campus police.

Family Educational Rights & Privacy Act

The Family Education Rights and Privacy Act (FERPA) outlines certain rights students have concerning access to and release of their educational records. Copies of District Administration Regulations implementing this act may be obtained from the Admissions and Records Office. Each student is encouraged to obtain a copy. The act ensures that the students will have access to their educational records and that the college will not release their records to anyone, including any parents, who is not designated by the student to receive them, except as provided by the law itself.

The law authorizes the release of directory information in the absence of student objection. Directory information includes: name, address, date and place of birth, major field of study, current class schedule, participation in activities, dates of attendance, degrees and awards received, and last institution attended. Objection, if any, to the release of this information may be made at the time the student applies for admission or at registration (see [Application for Admission](#) p.4, item #31).

Open Enrollment Policy

It is the policy of this district that, unless specifically exempted by statute, every course, course section, or class, the full-time equivalency (FTE) of which is to be reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, Part VI, Title 5 of the California Administrative Code, commencing with Section 51820. It is further the policy of this district that, in accordance with Section 51823(f), Title 5; health, safety, legal requirements and procedures will be established to meet such limitation.

Sexual Harassment Policy

Acts of sexual harassment will not be tolerated at the college. This applies to students, employees, and those who apply for employment status. Furthermore, this policy prohibits harassment in any form including verbal, physical, and visual harassment. Sexual harassment includes, but is not limited to, making unwanted sexual advances and requests for sexual favors.

Where either:

1. Submission to such conduct is made an explicit or implicit term of employment, appointment, admission, or academic evaluation;
2. Submission to or rejection of such conduct by an individual is used as the basis for a personnel decision or an academic evaluation affecting an individual;
3. The conduct has the purpose or effect of interfering with an employee's work performance, or creating an intimidating, hostile, offensive, or otherwise adverse working environment;
4. The conduct has the purpose or effect of interfering with a student's academic performance, creating an intimidating, hostile, offensive, or otherwise adverse learning environment, or adversely affecting any student.

Student Conduct

Students are expected to conduct themselves in a responsible manner whenever they are on campus or representing the college in any activity. Specific rules and regulations have been established in Board Policy 5500. A copy of this policy is available in the college library, the Admissions Office, the Vice President of Learning and Student Success, and in the Student Activities Office. It is also available on the Madera Community College website (www.maderacollege.edu) under the "Current Students" link. Conduct standards are designed to perpetuate the college's educational purposes, allowing students to enjoy the right of freedom to learn. Failure to adhere to the accepted standards will result in disciplinary action.

Student Right-to-Know and Campus Security Act

Student Right-to-Know Rates for Fall 2012 Cohort

Completion Rate: 24.82 %

Transfer Rate: 8.19 %

In compliance with the Student-Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the State Center Community College District and Madera Community College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2012, a cohort of all certificate-, degree-, and transfer-seeking first-time full-time students were tracked over a three year period. Their completion and transfer rates are listed above. These rates do not represent the success rates of the entire student population at the College nor do they account for student outcomes occurring after this three year tracking period.

Based upon the cohort defined above, a Completer is a student who attained a certificate or degree or became 'transfer prepared' during a three year period, from Fall 2012 to Spring 2015. Students who have completed 60 transferable units with a GPA of 2.0 or better are considered 'transfer prepared'. Students who transferred to another post-secondary institution, prior to attaining a degree, certificate, or becoming 'transfer prepared' during a five semester period, from Spring 2013 to Spring 2015, are transfer students. The CCCC website is <http://extranet.cccc.edu/Divisions/TechResearchInfoSys/MIS.aspx>.

CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION BREADTH REQUIREMENTS (CSU GE)

The California State University (CSU) requires all students to complete at least 48 semester units of general education (GE) to earn a bachelor's degree. The CSU GE-Breadth is a 39 semester-unit pattern of lower-division GE courses that may be completed at Madera Community College. The remaining 9 units of GE are upper division courses that must be completed at the CSU. It is recommended that students planning to transfer to a CSU complete their lower-division GE prior to transfer by following the CSU GE-Breadth pattern. However, the CSU GE-Breadth pattern may not be the best GE preparation pathway for ALL majors. Students should consult with a counselor to determine the best GE plan for their major and transfer destination.

Students may be eligible for transfer to California State Universities, with junior standing, upon completion of 60 transferable semester units with a grade point average of 2.0 ("C") or better. "Golden Four" Course Areas – A1, A2, A3 and B4 are required for admission into any California State University and must be completed with a grade of "C-" or better.

The courses listed on the previous page are CSU GE-BREADTH APPROVED FOR MADERA COMMUNITY COLLEGE ONLY.

Students completing courses at other California Community Colleges, in particular Fresno City College, Reedley College, and Clovis Community College, should carefully review course differences in CSUGE placement. A full list of CSU GE approved courses for all California Community Colleges are found on www.ASSIST.org

Certification

Upon request, Madera Community College will verify the completion of lower-division general education requirements for transfer to the CSU. Courses can only be certified if they were on the CSU approved list at the time they were taken by the student. Students who transfer without completing the CSU GE-Breadth will have to meet both lower and upper division general education requirements specific to the CSU campus to which they are transferring.

GE Credit by Examination:

Satisfactory scores on Advanced Placement (AP), International Baccalaureate (IB), and College Level Exam Preparation (CLEP) exams may be used to award GE credit and to certify completion of CSU GE-Breadth areas. These units will be applied in accordance with the [CSU Chancellor's Office policy](#) which is updated annually. Students will be required to provide official AP/IB/CLEP test scores. Each CSU campus determines how it will apply credit earned by these examinations toward requirements in the major.

Courses Completed at Other California Community Colleges (CCC)

Courses taken at more than one CCC may be used to fulfill CSU GE-Breadth. Coursework may only be applied to the CSU GEBreadth area for which it was approved at the community college where and when it was completed. Refer to www.ASSIST.org for a list of CCC courses that satisfy CSU GE-Breadth requirements.

U.S. History, Constitution, and American Ideals

All CSU campuses require U.S. History, Constitution and American Ideals to graduate. This graduation requirement can be met prior to transfer by selecting one U.S. History course (HIST 11, 12, 12H, or 22) and one U.S. Government (including California) course (POLSCI 2 or 2H). Though not required to complete CSU GE, these courses may satisfy AREA C2 or AREA D.

AREA F – Ethnic Studies

One course in Area F - Ethnic Studies and two courses in Area D are required for new students starting Fall 2021 or for returning students who lost previous catalog rights. Continuing students with catalog rights prior to 2021-22 are exempt from this requirement and may follow the previous CSUGE pattern. Per CSU, continuous enrollment is defined as attendance in at least one primary semester in a calendar year (Title 5, 40401).

CERTIFICATE OF ACHIEVEMENT IN CSU GE-BREADTH: (M.5800.CA)

Students who complete the CSU GE-Breadth pattern and meet the residency requirement are eligible to apply for the CSU GEBreadth Certificate of Achievement from Madera Community College.

IGETC INFORMATION

- The IGETC is a general education program that California Community College students can use to fulfill lower division general education requirements for any CSU or UC campus, California private colleges/universities, and some out of state colleges/universities.
- The IGETC provides an alternative to the General Education-Breadth requirements for CSU, UC, many California private colleges/universities, and some out of state colleges/universities.
- The IGETC is NOT an admission requirement for the CSU or UC nor does completion of the IGETC guarantee admission to the campus or program of choice.
- All areas of the IGETC must be completed to be certified by the community college and must be completed prior to transfer to a CSU or UC. Students earning an AA-T degree or AS-T degree are required to have full certification. In some circumstances, a student may make up two missing IGETC course requirements after transferring to a university. See a counselor regarding the certification process.
- To be certified all courses must be completed with a grade of "C" or better.
- A grade of "CR" (credit) or "P" (pass) may be used if the grading policy of the community college states that "CR" or "P" is equivalent to a grade of "C" or better. The UC will allow no more than 14 semester units taken CR/P toward UC eligibility or IGETC. The CSU campuses vary on the number of units they allow. Please check each college's catalog or see a counselor for more information.
- Courses may be used only once to satisfy one subject area even if they are listed in more than one subject area.
- Advanced Placement (AP) tests completed with a score of 3, 4, or 5 may be applied to the IGETC. One AP exam may be used to clear only one course requirement. (Example: AP English Comp and Literature may be used to satisfy ENGL 1A or 1B NOT both). See IGETC Supplemental - Use of AP Exams document.
- All IGETC coursework does not have to be completed at the same college. Courses taken at more than one California Community College may be used to fulfill the IGETC. Note, however, that courses applicable to IGETC may vary from college to college. Courses completed at other California Community Colleges will be placed on IGETC according to how they were approved at the college where they were completed.
- Additional information regarding the acceptance of IGETC at specific colleges in each UC is available online at <http://www.universityofcalifornia.edu/admissions> and enter IGETC in the search box.
- The IGETC is not a good option for students intending to transfer into high unit majors, such as engineering or the sciences, that require extensive lower division preparation.
- Please see a counselor to make sure that the IGETC is appropriate for your use or if you have any other questions regarding the IGETC.

Additional courses may be added to the Madera Community College IGETC. An updated IGETC sheet may be obtained from the Counseling Office, Transfer Center, Madera Community College website, or at www.assist.org.

This information is subject to change.

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

The Intersegmental General Education Transfer Curriculum (IGETC) is a series of courses that prospective transfer students attending California Community Colleges (CCC) may complete to satisfy the lower-division general education (GE) requirements at both the University of California (UC) and the California State University (CSU). Many independent/private and even out-of-state colleges and universities also accept IGETC. IGETC is most helpful to students who know they want to transfer but have not yet decided upon a particular system (UC or CSU), institution, or major. Students intending to transfer into majors that require extensive lower-division preparation, such as engineering or the natural sciences, should concentrate on completing the prerequisites for the major while meeting minimum admission requirements.

The courses on the previous page are IGETC APPROVED FOR MADERA COMMUNITY COLLEGE ONLY. Students completing courses at other California Community Colleges, in particular Fresno City College, Reedley College, and Clovis Community College, should carefully review course differences in IGETC placement on www.ASSIST.org

IGETC Certification

Students who have completed courses at more than one CCC should have their coursework certified by the last CCC they attended for a regular term before transfer. It is the student's responsibility to request IGETC Certification. Students can request the IGETC Certification option when ordering their transcripts.

Partial IGETC Certification

California Community Colleges may grant partial certification of IGETC to students who are missing no more than two requirements. Students should verify that their UC school/college/major program will accept partial certification. After transfer, students submitting partial IGETC certification should complete the missing requirements at either a UC or a California Community College as designated by their department. Students who have been granted partial IGETC certification should not return to the community college for a full certification.

GE Credit by Exam

Credit may be earned for Advanced Placement (AP) exams and International Baccalaureate (IB) Higher Level exams toward IGETC. See the Madera Community College catalog for details. Students should be aware that college courses may duplicate the content of examinations. The University may not award credit for both the course and the exam. Some UC campuses may require higher exam scores for subjects within the major. Refer to the campus regarding how AP credit is granted for each major. CLEP exams are not accepted for IGETC.

Courses Completed at Other California Community Colleges (CCC)

Courses taken at more than one CCC may be used to fulfill IGETC. Coursework may only be applied to the IGETC area for which it was approved at the community college where and when it was completed. Refer to www.ASSIST.org for a list of CCC courses that satisfy IGETC requirements.

U.S. History, Constitution, and American Ideals for CSU only

A U.S. History course (HIST 11, 12, 12H, or 22) and a U.S. Government (including California) course (POLSCI 2 or 2H) is required for CSU graduation. Though not required to complete IGETC, these courses may satisfy AREA 3B or AREA 4.

Ethnic Studies

The reduction of units in AREA 4 and inclusion of AREA 7 take effect for students matriculating at a California Community College beginning Fall 2023.

Exam Conflicts, Makeup Exams, or Exam by Special Arrangement*	Wednesday, December 11	7:00 am - 9:00 a.m.

DAY CLASSES

- If your class does not start on the hour, please assume that it starts at the beginning of the hour in order to determine on which day and at what time your final exam will be. (For example: If you have a 9:30 a.m. Tuesday/Thursday class, your class will then fall into group 9:00 B.)
- Classes which meet two days a week and which have different starting times for those two days will have a final exam determined by the first class meeting of the week. (For example: A class which meets at 9 a.m. on Monday and 10 a.m. on Wednesday will fall into group 9:00 A.)
- Examinations calling for special arrangements and/or approved makeup exams must be scheduled through the class instructor. Final examinations not adhering to this schedule may be made by the instructor and are subject to approval by the division dean.
- Students who have three final examinations scheduled on the same day may seek to have one final exam moved to another day by contacting the individual instructors BEFORE the start of the final exam week.

EXTENDED DAY

(Classes beginning at or after 4:30 p.m. and Saturday classes.)

- Final exams will be given during the final exam week using the above schedule.
- Classes which meet more than once during a week will meet only once during the final exam week, with the class meeting devoted to the final examination. Unless approved by the division dean, such classes will meet on the first normally scheduled night.

NOTE: Instructors must submit their final grades in the Student Services Building, no later than noon on Monday, December 16, 2024

* Open periods are for final exam conflicts, makeup exams, and exam by special arrangement.
 ** Classes falling into these groups are possibly in conflict with other classes. If so, the other classes have priority for the rooms. The instructor will choose an open period for the final exam.
 § For night classes, the instructor should begin the final exam at the time the class usually begins.
