FRESNO • REEDLEY • MADERA • OAKHURST • CLOVIS

The procedures for applying to the **HIGH SCHOOL ENRICHMENT (HSE)** are listed below:

1. The intent of this program is to provide opportunities for students in the 11th (Junior) or 12th (Senior) grade in high school. Students must have exhausted all opportunities to enroll in an equivalent course at their high school.
2. High School Enrichment students are **provisional** students during each semester of attendance.
3. Not all courses listed in the college catalog are available to HSE students. **Generally, courses of a remedial nature, courses for which failing grades were earned, and courses required for High School graduation do not meet the intent and spirit of the program.** HSE Program students must spend a minimum day of 180 minutes on the high school campus. The HSE application includes a place for the high school to verify that the minimum day requirement is being met. The application will also include the specific course which the high school is authorizing for each student. The unit limit for High School Enrichment students is a maximum of 11 units per semester with high school approval.
4. A complete application consists of a SCCCD Dual/Enrichment Online Application, the HSE application with all required signatures* and a current HIGH SCHOOL TRANSCRIPT* (handwritten transcripts are not acceptable). The HSE application and current High School transcripts must be provided each semester the student plans to attend. Your high school counselor must assist you in your selection of requested course(s). We are unable to process incomplete applications and it is the student's responsibility to ensure the application is complete.
5. HSE registration begins on the first day of open enrollment for the semester (the date for open enrollment may be found in the schedule of classes for the semester you wish to enroll in). Contact the counseling office of the campus you plan to attend for additional questions.
