Purpose:

The Equivalency Committee is charged by the Madera Community College (MCC) Academic Senate with the responsibility of ensuring that all potential faculty members meet or exceed the minimum qualifications as specified in the current *Minimum Qualifications for Faculty and Administrators in California Community Colleges*. As specified in California Education Code (§87359) and Title 5 of the California Code of Regulations (§53430), Equivalency Committees at the various California Community Colleges shall have the **primary responsibility to approve or deny petitions for equivalency submitted by potential full-time or part-time faculty members**. As applied, this means that an applicant for a certificated position who *does not* hold the degrees specified in the current *Minimum Qualifications for Faculty and Administrators in California Community Colleges* handbook, must submit a petition for equivalency. By submitting this petition, the applicant is asserting that, through various means, they have gained sufficient knowledge to make them *equal to a person who meets the currently specified minimum qualifications*.

The MCC Equivalency Committee falls under the jurisdiction of the MCC Academic Senate.

Operating Procedures

1. Selection of Committee Chair
 - a. The Chairperson of the Equivalency Committee of the Academic Senate shall be elected by the voting membership of the Committee at the first meeting of the Fall semester (ideally on Flex Day).
 - b. The Chairperson of the Equivalency Committee of the Academic Senate shall be elected from among the voting membership.
2. Committee orientation
 - a. The first committee meeting of each academic year shall be dedicated solely to orientation of new members, and the selection of a Chairperson if one has not already been selected.
 - b. This first meeting may be a special meeting.
3. Creation and Review of Equivalency Documents
 - a. The Equivalency Committee shall create documents which explain and guide discipline faculty through the process for establishing a local discipline standard for equivalency
 - b. The Equivalency Committee shall create documents which explain and guide both petitioners and discipline faculty through the equivalency process
 - c. All forms shall be reviewed every two years. The primary, but not exclusive, focus of the review will consider the degree to which “our [materials] convey the expectations and provide language of our equivalency process so that those who are not already employed by our system/district can understand equivalency” (Academic Senate for California Community Colleges, *Model Hiring Principles and Procedures*, 2020).
4. Review of Discipline Standards for Equivalency
 - a. Appropriate discipline faculty may contribute to the equivalency process by establishing formal discipline-focused standards and/or by forwarding a petitioner.
 - b. The Equivalency Committee will vote to validate the departments’ proposed policies or make recommendations for changes as necessary.
 - c. Discipline standards may be submitted at any time during the academic year. All validated standards will take effect at the beginning of the next academic semester.
 - d. Approved departmental policies will be published on a public website.

- e. Discipline faculty will be required to review their local standards for equivalency whenever a new *Minimum Qualifications for Faculty and Administrators in California Community Colleges* handbook is published.
5. Review of Candidate Petitions for Equivalency
- a. Petitioners, in consultation with department/discipline faculty and supervising deans, are to complete the appropriate Madera Community College Equivalency Petition forms.
 - b. The committee will evaluate petitioners for equivalency based on one of the following two metrics:
 - i. A statement explaining how the petitioner meets or exceeds a local, discipline-based standard submitted to the committee by the faculty in the area, or
 - ii. A matrix created by the petitioner that demonstrates how his/her coursework and/or professional experience meets or exceeds the coursework that is offered by an accredited U.S. institution that would earn the required degree.
 - c. The determination for equivalency should be signed, indicating support, by at least one tenured faculty in the appropriate discipline.
 - i. If a tenured faculty member in the discipline is not available, a tenured faculty member from a “related discipline,” as defined in the *Minimum Qualifications for Faculty and Administrators in California Community Colleges* handbook, may sign after consulting with the non-tenured faculty.
 - d. If the petitioner’s qualifications fall under the department’s approved policy, the Equivalency Committee will review the petition for accuracy and vote to establish Equivalency.
 - e. If the petitioner’s qualifications do not fall under the department’s approved policy, or if the department does not have approved policies, the Equivalency Committee reviews the petition, including the matrix, to evaluate and vote upon the petitioner’s request for Equivalency.
 - f. Upon receiving a fully completed petition, it is the role of the Equivalency Committee to validate the discipline’s determination for the petition.
 - g. Equivalency may be granted only if both the department and the Equivalency Committee agree.
 - h. Committee recommendations are communicated to candidates by Human Resources. Records of equivalency determinations are kept in Human Resources.
6. Conflict of Interest
- a. If a member of the committee has a conflict of interest that would preclude them from reviewing applications of equivalency in an unbiased manner, as determined by a majority vote of voting members, said committee member will be excluded from conversations and votes pertaining to the application in question.
 - b. In order to avoid the perception of impropriety, those evaluating a petition for equivalency should not serve on the respective hiring advisory committee, if at all possible, and may recuse themselves.
 - c. The Academic Senate Executive Committee may appoint an ad hoc replacement for situations in which a member has been recused.
7. Committee Operating Agreements will be reviewed annually, revised as necessary, and kept on file in the President’s Office.
